Introduction to Java as a  
Second Language

The Java Language

Writing Java Application  
Code

Jun 18, 2024

**Jagriti Jagriti**

has successfully completed the online, non-credit Specialization

# Java as a Second Language

In this Specialization, learners installed and configured their local Java environment including necessary tools and the Eclipse Integrated Development Environment (IDE). The specialization focused on Java features and functions and included many hands-on exercises to practice new skills and build fully functional Java web and mobile applications.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

**LearnQuest**

A decorative graphic in the background consisting of several wavy, light-grey lines that create a sense of depth and motion.

Jim Sullivan  
Master Trainer and  
Technology Practitioner
